Crosman Air Guns

#1 IN AMERICAN AIR POWER!

THE AMERICAN STANDARD

1996

Crosman

Crosman....Designed, Developed and Delivered To Exceed Your Expectations.

It's no accident that Crosman is the leading airgun manufacturer in America today. It's because no other airgun manufacturer puts more into airgun design and development...so you get more out of it. For nearly 75 years, we have continually sought to deliver more quality, more features and more value for the money. This philosophy is at the heart of the exacting standards required by Crosman.

Throughout this catalog, you'll see our broad line of CO, and pneumatic rifles and pistols, Copperhead® ammunition, accessories and airgun targets. You'll also see exciting new products such as our Springmaster™ spring piston rifle. They're all part of the reason we can proudly say, "Crosman is #1 in American Air Power!" Send for your FREE copy of *Airgun News*. Mark and return the order form attached to this catalog.

MADE IN U.S.A.

All Crosman components are made in the U.S.A. and are assembled in our East Bloomfield, NY manufacturing center (except scopes and targets).

Crosman Copperhead® BBs, pellets and Powerlets® are recognized as the leading airgun ammo in the world. Each manufactured to stringent standards.

Crosman offers a full line of quality airguns with the accuracy and dependability that is critical in allowing developing shooters to reach their full potential. Don't settle for airguns that can't provide this level of performance.

COPPERHEAD®... FAST, POWERFUL AND ACCURATE

Crosman Copperhead® ammo has become the standard by which all others are judged. That's because we offer the quality, consistency and value airgun enthusiasts are looking for. This is only possible through superb design, precision tooling and a state-of-the-art manufacturing process...the only full line of airgun ammunition produced in America.

Copperhead BBs
The world's roundest BB. Copper coated as a BB should be.

Standard Wadcutters
Available in .177 and .22 caliber. Finely machined shape and close tolerances set the standard for the rest of the industry.

Super Match
.177 caliber pellets manufactured with even closer tolerances using the latest in SPC technology.

Pointed
.177 and .22 caliber pellets patterned after the famous Spitzer bullet design for maximum penetration.

Domed
.177, .20 and .22 callber pellets which provide greater downrange energy and accuracy.

Premier Domed
The finest grade of pellets we've ever manufactured. In fact, all but one of the top three finishers in all five categories used Crosman Premier pellets at the 1994 Field Target U.S. National Match Championships. Available in .177, .20 and .22 caliber.

Copperhead Powerlets®
The industry standard for more than 30 years. Crosman Powerlets fit all CO_2 powered rifles and pistols.

Accessories

All Crosman Accessories and Clothing may be ordered direct from Crosman.
To order, complete and return attached order form. Please allow 4-6 weeks for delivery.
